Unique Value Proposition

To be a board member or advisor of PEEP, it is mandatory to have participated in public debates at the school board level, using one's own research, data gathering, and analysis to support educational excellence in Piedmont. Our data can be found on EdExcellencePiedmont.com and has been featured in comments to PUSD and the school board, publication in letters to the editor of the Piedmont Post and other local venues. This requirement sets PEEP apart from other educational organizations in Piedmont, where individual board members may have made similar contributions but not the entire board. This requirement ensures that PEEP's board truly represents the organization's mission of "Parents for Educational Excellence in Piedmont" (PEEP), as a 501(c)(4) social and welfare organization.

Past Advisors

Michael Malione, Alex Seiden, Esti Iturralde, Deede Liu, Bernard Pech, and David Scheuning
